The Purposes of Education

A Conversation Between John Hattie and
Steen Nepper Larsen

John Hattie, University of Melbourne, Australia and **Steen Nepper Larsen**, Danish School of Education, Aarhus, Denmark

What is the purpose of education and what is the relationship between educational research and policy? Using the twin lenses of Visible Learning and educational philosophy these are among the many fascinating topics discussed in extended conversations between John Hattie and Steen Larson. This wide-ranging, entertaining and informative book uses the framework of Hattie's world famous research to explore the vital questions around education and the development of students in a learning society. Complete with informative cartoons, summary boxes and annotated reading lists, it will inspire teachers, students and parents at all levels of the educational system.

About the Authors

John Hattie is Laureate Professor at the University of Melbourne, Australia, and his Visible Learning series of books have been translated into 23 different languages and have sold over 1 million copies.

Steen Nepper Larsen is Associate Professor in Education Science at the Danish School of Education, Aarhus, Denmark, and has published numerous academic books and journal articles. He is a critic connected to the Danish newspaper Information, among other organizations, and has worked on several popular philosophy programs for Danmarks Radio, P1.
