

**From Experience to Expertise: Educational Quality at Universities  
for inclusive international Programmes (EQUIiP)**

**13 June 2019**

**University of Freiburg**

Dear Colleague,

It is our pleasure to invite you to the final conference of the Project Educational Quality at Universities for inclusive international Programmes (EQUIiP).

EQUIiP is an Erasmus+ strategic partnership of seven European universities. The main outcome of the project is an online platform with resources for educational developers and other academic staff designing and teaching inclusive international programmes. At the conference, members of the EQUIiP team will present the platform and provide tasters of the content in a series of short workshops:

- Opportunities and challenges in the international classroom
- Building intercultural competences in the international classroom
- The role of languages in the international classroom
- Leadership and strategies to promote quality in higher education internationalisation

The EQUIiP project team will also present a profile of an internationally oriented educational developer and a set of recommendations for higher education institution leaders who wish to further internationalise their institutions and fulfil their social responsibility as expressed in the most recent Bologna Communiqué (Paris, 2018). We will also present recommendations for educational developers and other academic staff involved in planning, managing, and teaching inclusive international programmes. Finally, the first research results based on EQUIiP data will be presented.

The programme for the conference is attached. The programme will be regularly updated during the spring of 2019 and the most recent version may be found at [www.equiip.eu](http://www.equiip.eu).

There are a limited number of places at the conference, which will be assigned on a first-come, first-served basis. Participation is free of charge, but registration is necessary. Please register [here](#) **before the 31st of May 2019**.

We hope you will be able to join us for this important event in Freiburg.

Dr. Kevin Haines  
EQUIiP Academic Coordinator

Dr. Janina Cünnen  
Managing Director, Language Teaching Centre,  
University of Freiburg
